investigation of the moments of altruism, resourcefulness, and generosity that arise amid disaster's grief and disruption and considers their implications for everyday life. It points to a new vision of what society could become—one that is less authoritarian and fearful, more collaborative and local.

A Paradise Built in Hell: The Extraordinary Communities ...

An expansive work of cultural history, *A Paradise Built in Hell* triumphs the empathy of civil society in the wake of disaster. Across five extensively researched sections, Solnit surveys local and state reactions to the world's major disasters since the dawn of the twentieth century, from the 1906 San Francisco earthquake to the 1985 Mexico City earthquake.

look-again at a number of disasters and how regular people behaved when their lives were torn asunder: not as the mob that our leaders and news programs counsel us to guard against, but in spontaneously caring and rationally generous ways. Solnit, a forceful iconoclast, quotes disaster research and disaster victims in arguing for a much more optimistic view of what can be called “human nature” than what’s taught in Psych 101.
