This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. ACCOUNTING FOR HOSPITALITY MANAGERS will help your students understand and apply hospitality departmental accounting at the supervisory and managerial levels. This edition includes three chapters on cash management and planning, casino accounting, and assorted accounting topics. Hospitality managerial accounting case studies and Internet reference sites are included in each chapter, and content has been updated to reflect the tenth revised edition of the Uniform System of Accounts for the Lodging Industry. The Sarbanes-Oxley Act gets comprehensive coverage, including the role of the SEC. The book also covers Fair Value Accounting, required for all publicly-held corporations. Exhibits throughout the book reflect computerization and today's technology.

The success of every business in the hospitality industry depends on maximizing revenues and minimizing costs. This Ninth Edition continues its time-tested presentation of fundamental concepts and analytical techniques that are essential to taking control of real-world accounting systems, evaluating current and past operations, and effectively managing finances toward increased profits. It offers hands-on coverage of computer applications and practical decision-making skills to successfully prepare readers for the increasingly complex and competitive hospitality industry.

Accounting for Managers explains how accounting information is used by non-financial managers. The book emphasises the interpretation, rather than the construction, of accounting information and encourages a critical, rather than unthinking acceptance, of the underlying assumptions behind accounting. It links theory with practical examples and case studies drawn from real life business situations in service, retail and manufacturing industries.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Hospitality is a people industry, and this textbook will teach readers how to manage the important human resources who provide services within a hospitality operation. They'll learn how to fulfill the requirements of U.S. employment and workplace laws, and discover the latest strategies for attracting employees, minimizing turnover, and maximizing productivity. Topics include: The impact of the post-recession economy on recruiting, selection, retention, and turnover How companies use social media to learn about job applicants The role of technology in performance appraisals The latest trends in effective incentive programs and industry benefits The changing face of unions and new trends in organizing and collective bargaining Social responsibility and sustainability measures, including what companies are doing (and not doing) right

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Hospitality management students and professionals responsible for accounting functions at their property, or who aspire to a career in hospitality accounting, will benefit from this textbook. This textbook includes everything readers will need to gain a clear understanding of managerial accounting in a hospitality setting. Chapters reflect new tax laws and the impact of the Sarbanes-Oxley Act, as well as the results of new survey research on updated practices in capital budgeting and leasing. Readers will learn to make effective choices based on the numbers that affect daily operations, develop on-target budgets and control cash flow, reach profit goals with the help of financial reports and other tools, and apply the latest uniform systems of accounts for hotels and restaurants.

This textbook includes everything readers will need to gain a clear understanding of managerial accounting in a hospitality setting. Chapters reflect new tax laws and the impact of the Sarbanes-Oxley Act, as well as the results of new survey research on updated practices in capital budgeting and leasing. Readers will learn to make effective choices based on the numbers that affect daily operations, develop on-target budgets and control cash flow, reach profit goals with the help of financial reports and other tools, and apply the latest uniform systems of accounts for hotels and restaurants.

Following a successful debut edition, this new Second Edition of Managerial Accounting for the Hospitality Industry builds on its strengths of clear organization and the ease with which students work through it. This new edition includes more basic math support for students and a more developed inclusion of ethical considerations and global changes both in accounting systems and in the hospitality industry.

Hotel Management and Operations, Fifth Edition provides a practical, up-to-date, and comprehensive approach to how professionals across the industry manage different departments within their operation. From the front office to finance, from marketing to housekeeping, this resource offers advanced theory played out in practical problems. Multidimensional case studies are a notable feature, with complex management problems portrayed from multiple viewpoints; "As I See It" and "Day in the Life" commentaries from new managers provide further real-world perspective. Covering the latest issues affecting the industry, this text gives students and professionals an up-to-date, dynamic learning resource.

This Second Edition has been updated to include a brand new chapter on yield management, plus a human resources chapter refocused to cover current trends in training, employee empowerment, and reducing turnover. In addition, you'll discover how to increase efficiency with today's hospitality technology—from electronic lock to front office equipment.
