The Four Pillars of Destiny: A Guide to Relationships answers the age-old questions surrounding relationships, attractions, and true love. By referencing the year, month, day, and hour of a person's birth, the ancient Chinese method of Four Pillars will systematically map the blueprint for his or her life in matters of health, wealth, career, love, and happiness. For countless generations, the Chinese have been drawn to the Four Pillars system for its accurate method of divination. This system has allowed practitioners the ability to analyze many aspects of a person's life and enlightened the path to capitalizing their cosmic flow when good luck happens. The destiny blueprint each of us receives at birth can be used to reveal options and paths that we can act upon during good and bad times in life. Using this blueprint, we can evaluate where our limits lie and understand what we truly are capable of achieving, as well as the type of connections that we can make with those around us.
