Polygamy in India is outlawed. While polygamy was not prohibited in Ancient India and it was common among aristocrats and emperors, it is believed that it was not a major cultural practice. The lack of prohibition was in part due to the separation between land laws and religion (independence of the judiciary), and partially since all of the major religions of India portrayed polygamy in a ...

analysis on the adequacy of bigamy and its laws in India by Tanmay Bhandari, Amity Law School, Noida. a321519253 to dr

This fascinating examination of bigamy in colonial Mexico reveals for the first time the lives, routines, and networks of ordinary people. The author, drawing from his close reading of Inquisition files, situates these people in the web of daily life: in families as they grow up and in communities as they learn the ways of society. With vivid

glimpses of courtship, loss of virginity, marriage, adultery, abusive treatment, and failed marriage, he also follows them in their private lives. In the campaign to root out bigamy, the Inquisition relied on people to denounce one another. How they went about this reveals that gossip and curiosity sustained a surer and swifter system of communications than we might have imagined. The many pieces of stories recounted here convey emotions and reactions rarely preserved from past centuries. From a young child enduring abuse and rape by relatives to the wily suitor who tricks his future father-

in-law with a tale of lost loot stored in a robber's cave, throughout this volume we hear the voices of hitherto invisible people.

This text presents an overview of the major issues and topics in current developments in Indian family law. Indian law has produced a number of very important innovations in the past two decades, which are also highly instructive for law reform debates in western and other jurisdictions. Topics discussed are: marriage, divorce, polygamy, maintenance, property and the Uniform Civil Code.

# Read Free Bigamy In India Finding From National Family Health Survey

In nineteenth-century America, the law insisted that marriage was a permanent relationship defined by the husband's authority and the wife's dependence. Yet at the same time the law created the means to escape that relationship. How was this possible? And how did wives and husbands experience marriage within that legal regime? These are the complexities that Hendrik Hartog plumbs in a study of the powers of law and its limits. Exploring a century and a

half of marriage through stories of struggle and conflict mined from case records, Hartog shatters the myth of a golden age of stable marriage. He describes the myriad ways the law shaped and defined marital relations and spousal identities, and how individuals manipulated and reshaped the rules of the American states to fit their needs. We witness a compelling cast of characters: wives who attempted to leave abusive husbands, women who manipulated their marital status for personal advantage, accidental and intentional bigamists, men who killed their wives' lovers, couples who insisted on

divorce in a legal culture that denied them that right. As we watch and listen to these men and women, enmeshed in law and escaping from marriages, we catch reflected images both of ourselves and our parents, of our desires and our anxieties about marriage. Hartog shows how our own conflicts and confusions about marital roles and identities are rooted in the history of marriage and the legal struggles that defined and transformed it.
