Black Sheep One is the first biography of legendary warrior and World War II hero Gregory Boyington. In 1936, Boyington became an aviation cadet and earned the " wings of gold " of a naval aviator. After only a short period on active duty, however, he was " encouraged " to resign from the Marine Corps due to his unconventional behavior. Remarkably, this inauspicious beginning was just the prologue to a heroic career as an American fighter pilot and innovative combat leader. With the onset of World War II, when skilled pilots were in demand, he became the commander of an ad hoc squadron of flying leathernecks. Led by Medal of Honor winner Boyington, the legendary Black Sheep set a blistering pace of aerial victories against the enemy. Though many have observed that when the shooting stops, combat heroes typically just fade away, nothing could be further from the truth for Boyington. Blessed with inverteate luck, the stubbornly independent Boyington lived a life that went beyond what even the most imaginative might expect. Exhaustively researched and richly detailed, here is the complete story of this American original.

With their renowned squadron leader Greg " Pappy " Boyington, Marine Fighting Squadron (VMF) 214 was one of the best-known and most colorful combat units of World War II. The popular television series Baa Baa Black Sheep added to their legend—while obscuring the truly remarkable combat record of the Black Sheep and Boyington. A retired naval flight officer and former historian for the Naval Aviation Museum Foundation, Bruce Gamble provides a highly readable account that serves to both correct and extend the record of this premier fighting force.

Her parents never really explained what a D.P. was. Years later Daiva Markelis learned that " displaced person " was the designation bestowed upon European refugees like her mom and dad who fled communist Lithuania after the war. Growing up in the Chicago suburb of Cicero, though, Markelis had only heard the name T.P., since her folks pronounced the D as a T. " In first grade we had learned about the Plains Indians, who had lived in tent-like dwellings made of wood and buffalo skin called teepees. In my childish confusion, I thought that perhaps my parents weren' t Lithuanian at all, but Cherokee. I went around telling people that I was the child of teepees. " So begins this touching and affectionate memoir about growing up as a daughter of Lithuanian immigrants. Markelis was raised during the 1960s and 1970s in a household where Lithuanian was the first language. White Field, Black Sheep derives much of its charm from this collision of old world and new: a tough but cultured generation that can ' t quite understand the ways of America and a younger one weaned on Barbie dolls and The Brady Bunch, Hostess cupcakes and comic books, The Monkees and Captain Kangaroo. Throughout, Markelis recalls the amusing contortions of language and identity that animated her childhood. She also humorously recollects the touchstones of her youth, from her First Communion to her first game of Twister. Ultimately, she revisits the troubles that surfaced in the wake of her assimilation into American culture: the constricting expectations of her family and community, her problems with alcoholism and depression, and her sometimes contentious but always loving relationship with her mother. Dettly recreating the emotional world of adolescence, but overlaying it with the hard-won understanding of adulthood, White Field, Black Sheep is a poignant and moving memoir—a lively tale of this Lithuanian-American life.

An account of the controversial life of the U.S. Marine includes coverage of his contributions as a pilot in the South Pacific, experiences in a Japanese prison camp, and achievements at the head of the Black Sheep Squadron.

The turbulent life of Gregory Pappy Boyington, the top U.S. Marine ace of the Pacific, is captured in memorable detail by the acclaimed author of One Square Mile of Hell: The Battle of Tarawa. Wukovits pulls no punches in describing the controversial World War II fighter pilot, who was a hero to some, and a villain to others in the Corps. Boyington was a little of each as this biography of the legendary but complex figure shows. Called one of the preeminent historians of the Pacific War, Wukovits paints a complete portrait of Boyington that allows readers to understand the colorful World War II ace as never before.

Here, in his own words, is the true story of America's wildest flying hero, of his extraordinary heroism, and of his greatest battle of all—the fight to survive. The World War II air war in the Pacific needed tough men like Colonel Pappy Boyington and his Black Sheep Squadron. The legendary Marine Corps officer and his bunch of misfits, outcasts, and daredevils gave new definition to " hell-raising " —on the ground and in the skies. Pappy himself was a living legend—he personally shot down twenty-eight Japanese planes, and won the Congressional Medal of Honor and the Navy Cross. He broke every rule in the book doing so, but when he fell into the hands of the vengeful Japanese his real ordeal began.

" This is the story of the groundwork that paved the way to my faith. It is not an easy story to tell.... " This powerful memoir from Grammy Award winner Ashley Cleveland reminds us that even in the lowest times of our lives, beauty can shine through. As a young woman from a deeply flawed family, Ashley had little hope she would amount to anything. If there was trouble, near or far, she found it. Yet, in her destructive days of drugs, alcohol, and sex, she encountered a forgiving God who was relentlessly faithful. Change did not come quickly. The brokenness did not disappear. But little by little, Ashley allowed God to heal her, to transform her desires, to bring courage to others through her journey. Little by little, she saw that it was her brokenness itself that God wanted to use. This beautifully told story will take you from the back rooms of Nashville to the churches of the San Francisco Bay area to a tender new life where one woman discovers that God can work in broken places.

A captivating memoir of a biracial boy growing up in Washington, D.C., abandoned by his birth parents, and lovingly raised by a woman with deep emotional scars from her upbringing in the segregated South. The unforgettable memoir Black Sheep opens with a middle-aged Ray Studevent returning to Washington, D.C., to his " momma. " Lemell Studevent, She didn' t give birth to him, but she is the woman who raised him. She is the woman who stood by him through thick and thin. She is the woman who saved his life. But now in her late 80s, Lemell is lost to her Alzheimer ' s disease. On most days, she has no idea who she is, no recollection of the remarkable life she has lived. Every once in a while, she remembers small fragments of people, places, and things but she doesn' t know how all of these pieces fit together. At night, she is often haunted by nightmares of growing up in the segregated South, of evil men with blue eyes peering through slits in their hooded robes. Frightened by Ray, this stranger, this white man with his piercing blue eyes, she threatens to shoot him. Trying not to get swept up in his own buried, decades-old feelings of abandonment, Ray knows he must work to regain her trust as he thinks back to how far they both have come. Ray Studevent grew up between two worlds. Born to a white, heroin-addicted mother and black, violently alcoholic father, the odds were stacked against him from day one. When his parents abandoned him at the age of five, after living in a world no child should experience, he was saved from the foster-care system by his father ' s uncle Calvin, who offered him stability and a loving home. When Calvin tragically died two years later, it was up to his widow Lemell to raise Ray. But this was no easy task. Lemell grew up in the brutality of segregated Mississippi, emotionally scarred and justifiably resenting white people. Now, she must confront these demons as she raises a mixed-race child—white on the outside, black on the inside—on the eastern side of the Anacostia River, the blackest part of the blackest city in America. This is a time of heightened racial tension, not long after the assassination of Dr. Martin Luther King Jr. and the D.C. race riots. There are guidelines if you are black, different rules if you are white, but only mixed messages for mixed-race children who must fight for acceptance as they struggle to find their identity. As Dr. My Haley, the widow of Roots author Alex Haley, wrote in the Foreword for Black Sheep, " Ray ' s pathway to manhood came not through the people who taught him what to do, but through the woman who taught him how to be, even as she learned for herself how to be. " At a time when we are all reexamining the complex issues of race, identity, disenfranchisement, and belonging, this compelling true story shows us what is possible when we trust our hearts and follow the path of love.
