Read about sixty-nine years of miracle after miracle. How I survived numerous unimaginable traumas, illnesses, surgeries, mental illness, and suicide attempts. The book begins at age twenty-one, just married, suffered kidney failure, having emergency surgery afterward being pronounced dead, ending up in heaven. My return from heaven finds I am now terminally ill with only a year to live if I do not get pregnant. But God! Also how I, as a little girl, hunted for the God of the "and may God bless" and finding him. See how depending on God brings me to sanity, even supernatural physical healing throughout all my troubles, suffering, responsibilities, and laced with spiritual warfare.

Jakk's Journey is a coming-of-age story about a high school boy who builds a spaceship, flies toward Betelgeuse, and has adventures. He befriends aliens, grapples with sex and love and curious robots, dabbles in the supernatural, queries the mysterious and powerful God program, and battles evil forces hellbent on planetary destruction. Why is he being tailpiped around the galaxy by Sheela, his beguiling yet snarky female classmate? What started things, anyway: was it his suspension, a squirrel falling from a tree, the abandoned tablet, a science competition gone awry, or Sheela's fateful volleyball dive? How can Jakk find love? Can aliens teach him how to become a human?

Leading thinkers from a range of disciplines discuss the compatibility of power and care, in conversation with the Dalai Lama. For more than thirty years, the Dalai Lama has been in dialogue with thinkers from a range of disciplines, helping to support pathways for knowledge to increase human wellbeing and compassion. These conversations, which began as private meetings, are now part of the Mind & Life Institute and Mind & Life Europe. This book documents a recent Mind & Life Institute dialogue with the Dalai Lama and others on two fundamental forces: power and care—power over and care for others in human societies. The notion of power is essentially neutral; power can be used to benefit others or to harm them, to build or to destroy. Care, on the other hand, is not a neutral force; it aims at increasing the wellbeing of others. Power and care are not incompatible: power, imbued with care, can achieve more than a powerless motivation to care; power, without the intention to benefit others, can be ruthless. The contributors—who include such celebrated figures as Frans B. M. de Waal, Olafur Eliasson, Sarah Blaffer Hrdy, and Jody Williams—discuss topics including the interaction of power and care among our closest relatives, the chimpanzees; the effect of meditation and mental training practices on the brain; the role of religion in promoting peace and compassion; and the new field of Caring Economics. Contributors Paul Collier, Brother Thierry-Marie Courau, Frans B. M. de Waal, Olafur Eliasson, Scilla Elworthy, Alexandra M. Freund, Tenzin Gyatso (His Holiness the Dalai Lama), Markus Heinrichs, Sarah Blaffer Hrdy, Frédéric Laloux, Alaa Murabit, Matthieu Ricard, Johan Rockström, Richard Schwartz, Tania Singer, Dennis J. Snower, Rabbi Awraham Soetendorp, Theo Sowa, Pauline Tangiora, Jody Williams
