Traditional Chinese medicine is over 2,000 years old. It originated in the region of eastern Asia that today includes China, Tibet, Vietnam, Korea, and Japan. The first written Chinese medical treatises (as the West understands the term) date from the Han dynasty (206 b.c. - a.d. 220).

Traditional Chinese Medicine | Encyclopedia.com
Traditional Chinese medicine, system of medicine at least 23 centuries old that aims to prevent or heal disease by maintaining or restoring yinyang balance. Treatments include acupuncture, cupping, and moxibustion. Learn more about traditional Chinese medicine, including its history.

traditional Chinese medicine | Description, History ...
Traditional Chinese medicine (TCM) is a branch of traditional medicine in China. It has been described as "fraught with pseudoscience", and the majority of its treatments as having no logical mechanism of action.. TCM is said to be based on Compendium of Materia Medica and Huangdi Neijing. The practice includes various forms of herbal medicine, acupuncture, cupping therapy, gua sha, massage ...

Encyclopedia of Traditional Chinese Medicines - Molecular ...

Chinese patent medicine (中成药; 中成藥; zhōngchéng yào) is a kind of traditional Chinese medicine. They are standardized herbal formulas. From ancient times, pills were formed by combining several herbs and other ingredients, which were dried and ground into a powder. They were then mixed with a binder and formed into pills by hand.
