Often students struggle with essays because they see an unfamiliar question and they panic and don’t know what to write.

2022-23 UPPCS (Mains) General Hindi, Essay & General Studies

The problem of corruption, however described, dates back thousands of years. Professionals working in areas such as development studies, economics and political studies, were the first to most actively analyse and publish on the topic of corruption and its negative impacts on economies, societies and politics. There was, at that time, minimal literature available on corruption and the law. The literature and discussion on bribery and corruption, as well as on the negative impact of each and what is required to address them, particularly in the legal context, are now considerable. Corruption and anti-corruption are multifaceted and multi-disciplinary. The focus now on the law and compliance, and perhaps commercial incentives, is relatively easy. However, corruption, anti-corruption and the motivations for them are complex. If we continue to discuss, debate, engage, address corruption and anti-corruption in our own disciplinary silos, we are unlikely to significantly progress the fight against corruption. What do terms such as ‘culture of integrity’, ‘demand accountability’, ‘transparency and accountability’ and ‘ethical corporate culture’ dominating the anti-corruption discourse mean, if anything, in other disciplines? If they are meaningless, what approach would practitioners in those other disciplines suggest be adopted to address corruption. What has their experience been in the field? How can the work of each discipline contribute to the work of whole and, as such, improve our work in and understanding of anti-corruption? This book seeks to answer these questions and to understand the phenomenon more comprehensively. It will be of value to researchers, academics, lawyers, legislators and students in the fields of law, anthropology, sociology, international affairs, and business.

Corruption is one of the biggest global issues, ahead of extreme poverty, unemployment, the rising cost of food and energy, climate change, and terrorism. It is thought to be one of the principal causes of poverty around the globe. Its significance in the contemporary world cannot be undervalued. In this Very Short Introduction Leslie Holmes considers why the international community has only highlighted corruption as a problem in the past two decades, despite its presence throughout the millennia. Holmes explores the phenomenon from several different perspectives, from the cultural differences affecting how corruption is defined, its impact, and its various causes to the possible remedies. Providing evidence of corruption and considering ways to address it around the world, this is an important introduction to a significant and serious global issue. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The "Asian Yearbook of International Law" is the first publication dedicated primarily to international law as seen from an Asian perspective. It provides international law articles written by experts from the region and other articles relating to Asian topics. The editorial board, national correspondents, advisory council, and governing board comprise a diverse group of academics and government officials from a wide range of countries and positions. The "Asian Yearbook of International Law" offers a number of useful features: - articles;- notes; - legal materials (such as the state practice in a number of Asian countries and participation in multilateral treaties); - Asia and international organizations; - chronicle of events for the covered year; - literature (including book reviews and a bibliography); - selected documents (treaties, agreements, and other relevant primary documents); and - an index. Its range of features assures that the "Yearbook" comprehensively covers the critical events, legislation, and issues of the past year and that users can easily access all of this information. Academics and practitioners who deal with international public law in Asia will appreciate this unique, complete resource. The "Asian Yearbook of International Law" provides insight into Asian views and practices, especially for non-Asian readers, and also promotes the dissemination of knowledge of international law in Asia. Some of the topics covered in this volume: the secession of Bangladesh in international law; the Asian Development Bank Administrative Tribunal; port state control: a comment on the Tokyo MOU; maritime jurisdiction over vessel-source pollution in the EEZ; the Chinese experience.

This 2-volume work includes approximately 1,200 entries in A-Z order, critically reviewing the literature on specific topics from abortion to world systems theory. In addition, nine major entries cover each of the major disciplines (political economy; management and business; human geography; politics; sociology; law; psychology; organizational behavior) and the history and development of the social sciences in a broader sense.

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.
