~~(PDF) Transformational leadership and team performance~~

A comparative examination of transformational and transactional leadership styles gives evidence for preference of transformational style relative to its influence on organizational variables. The literary review indicates that transformational leadership essentially improves the functioning of school and teaching processes.

Transformational

~~The Effectiveness of
Transformational Leadership
Factors~~

Transformational leadership is defined as a leadership approach that causes change in individuals and social systems. In its ideal form, it creates valuable and positive change in the followers with the end goal of developing followers into leaders. Enacted in its authentic form, transformational leadership enhances the motivation, morale
