"Trends in Malawian Literature's departure point is a brief examination of how Malawi's post-independence politics affected Malawi literary landscape and an assessment of the early missionaries contribution to early Malawian literature in the local languages. That done, it discusses messages in the early literature. The conclusion drawn is that the early literature in Malawi, like most African countries, was a potent mouth piece for Christian doctrine and western values. Against this background, Trends in Malawian Literature assesses the concerns of later writers, who although begin to move from the good versus evil dichotomy, still emphasize that socially and culturally one is either an (sic) initially and turns to be good later or vice versa".--Back cover.
The South African novel of identity that "deserves a wide audience on a par with Nadine Gordimer."
The English language has acquired an important position in the societies of Central and Southern Africa, but for more than 15 million people in Malawi, Tanzania, Zambia, Mozambique, Botswana, Zimbabwe, and South Africa, Chinyanja or Chichewa has become the most important language of daily life. This edition has more than 43,000 entries from and into English.
Hip Hop Africa explores a new generation of Africans who are not only consumers of global musical currents, but also active and creative participants. Eric Charry and an international group of contributors look carefully at youth culture and the explosion of hip hop in Africa, the embrace of other contemporary genres, including reggae, ragga, and gospel music, and the continued vitality of drumming. Covering Senegal, Mali, Côte d'Ivoire, Ghana, Nigeria, Kenya, Tanzania, Malawi, and South Africa, this volume offers unique perspectives on the presence and development of hip hop and other music in Africa and their place in global music culture.

In this ambitious and densely worked novel, we begin to see early signs of Ngugi's increasing bitterness about the ways in which the politicians are the true benefactors of the rewards of independence.
