**Richard The Lionheart: The Mighty Crusader**-Miller, David---

King Richard I's personal bravery on the battlefield won him the name 'Lionheart' but as David Miller reveals, his battles and campaigns demonstrate a brilliant grasp of strategy and tactics. The 'Lionheart' was no mere medieval 'head banger' but a thoughtful military leader, the only Crusader commander who managed to get an army to Palestine without going bankrupt in the process.

**Richard the Lionheart: The Mighty Crusader** by David Miller---

The book is very good within the range of its scope, but that scope is limited to Richard's military activities during the third crusade. The primary intent of the book is to prove that Richard was not only a great warrior in his own right, but also a brilliant military commander.

**Richard the Lionheart: The Mighty Crusader**-Miller, David---

Richard was Count of Anjou and Duke of Normandy and Aquitain Third Crusade---1095-1464 series of expeditions that lasted nearly four centuries. This was England's first Maritime adventure. 200 ships. 80 capacity Richard was there from 1190-1192. Main purpose was to take Jerusalem from Saladin. Never did it.

**Richard the Lionheart**--The Mighty Crusader by David ---

It pretty clear that Richard the Lionheart, may have been bad King of England but he proves to be a very able commander in battles and campaign. His ability to see the long term stratigic problems set him apart from many of his fellow European commanders. The author studied not only Richard's military efforts but his diplomatic efforts as well.

Acclaimed author James Reston, Jr.'s Warriors of God is the rich and engaging account of the Third Crusade (1187-1192), a conflict that would shape world history for centuries and which can still be felt in the Middle East and throughout the world today. James Reston, Jr. offers a gripping narrative of the epic battle that left Jerusalem in Muslim hands until the twentieth century, bringing an objective perspective to the gallantry, greed, and religious fervor that fueled the bloody clash between Christians and Muslims. As he recounts this rousing story, Reston brings to life the two legendary figures who led their armies against each other. He offers compelling portraits of Saladin, the wise and highly cultured leader who created a united empire, and Richard the Lionheart, the romantic personification of chivalry who emerges here in his full complexity and contradictions. From its riveting scenes of blood-soaked battles to its pageant of fascinating, larger-than-life characters, Warriors of God is essential history, history that helps us understand today's world.

The amazing life of Richard I, King of England, known to history as 'Richard the Lionheart', after his reputation for bravery exhibited fighting the 'Saracens' whilst crusading in the Holy Land.

The Crusades is an authoritative, accessible single-volume history of the brutal struggle for the Holy Land in the Middle Ages. Thomas Asbridge'a renowned historian who writes with 'maximum vividness! (Joan Acocella, The New Yorker)'covers the years 1095 to 1291 in this big, ambitious, readable account of one of the most fascinating periods in history. From Richard the Lionheart to the mighty Saladin, from the emperors of Byzantium to the Knights Templar, Asbridge's book is a magnificent epic of Holy War between the Christian and Islamic worlds, full of adventure, intrigue, and sweeping grandeur.

Published in 1997, this is a translation of the Itinerarium Peregrinorum et Gesta Regis Ricardi, 'The Itinerary of the Pilgrims and the deeds of King Richard,' based on the edition produced in 1964 by William Stubbs as volume 1 of his chronicles and memorials of the reign of King Richard I. This Chroniela is the most comprehensive and complete account of the Third Crusade, covering virtually all the events of the crusade in roughly chronological order, and adding priceless details such as descriptions of King Richard the Lionhearts personal appearance, shipping, French fashions and discussion of the international conventions of war. It is of great interest to medieval historians in general, not only historians of the crusade. The translation is accompanied by an introduction and exhaustive notes which explain the manuscript tradition and the sources of the text and which compare this chronicle with the works of other contemporary writers on the crusade, Christian and Muslim. The translation has been produced specifically for university students taking courses on the Crusades, but it will appeal to anyone with an interest in the Third Crusade and the history of the Middle Ages.

Conflict between England and France was a fact of life for centuries, but few realize that its origins date from the time of the Vikings, when a Norse chieftain named Rollo established himself and his progeny in Normandy. In this compelling and entertaining history, Mary McAuliffe takes the reader back to those dark and turbulent times when Rollo's descendants, the dukes of Normandy, asserted their dominance over the weak French monarchy;a dominance that became especially threatening after Duke William conquered England in 1066, giving him a royal crown. Despite this crown, William the Conqueror and his royal successors remained dukes of Normandy, with feudal obligations to their overlord, the king of France. This naturally fostered an ongoing hostility between the French and English crowns that, as McAuliffe convincingly shows, became ever more explosive as the strength and territorial holdings of the English monarchs grew. Conflict erupted regularly over the years, and Eleanor of Aquitaine's desertion of one camp for the other only added fuel to the long-simmering feud. McAuliffe takes the reader back to this dramatic era, providing the fascinating background and context for this 'clash of crowns.¶ She offers colorful insights into Richard Lionheart and Eleanor of Aquitaine as well as lesser-known French and English monarchs, especially Philip II of France. Philip proved a determined opponent of Richard Lionheart, and their cutthroat rivalry not only created fatal divisions within the Third Crusade but also culminated in an incendiary faceoff at Richard's newly built Château-Gaillard, the seemingly impregnable gateway to empire. The outcome would shape the course of English and French history throughout the centuries that followed.

Get transported to a lush, vibrant jungle in this gorgeously illustrated picture book about facing your fears. Richard hears something in his room before bedtime. Is it a monster? He doesn't wait to find out and sets off running through the streets, over the hills, through the forest, and into the fields until he finds himself in a magical jungle. With the help of his stuffed lion Lionheart, Richard finds the courage he needs to face his fears.

Contrary to common assumptions, medieval and early modern writers and poets often addressed the high value of freedom, whether we think of such fable authors as Marie de France or Ulrich Bonerius. Similarly, medieval history knows of numerous struggles by various peoples to maintain their own freedom or political independence. Nevertheless, as this study illustrates, throughout the pre-modern period, the loss of freedom could happen quite easily, affecting high and low (including kings and princes) and there are many literary texts and historical documents that address the problems of imprisonment and even enslavement (Georgius of Hungary, Johann Schiltberger, Hans Ulrich Krafft, etc.). Simultaneously, philosophers and theologians discussed intensively the fundamental question regarding free will (e.g., Augustine) and political freedom (e.g., John of Salisbury). Moreover, quite a large number of major pre-modern poets spent a long time in prison where they composed some of their major works (Boethius, Marco Polo, Charles d'Orléans, Thomas Malory, etc.). This book brings to light a vast range of relevant sources that confirm the existence of this fundamental and impactful discourse on freedom, imprisonment, and enslavement.
