#1 NEW YORK TIMES BESTSELLER • " A great American success story . . . an endearing and well-written book. " —The New York Times Book Review Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history—Vietnam, the Pentagon, Panama, Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier ' s directness. My American Journey is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanting with their leaders, General Powell ' s passionate views on family, personal responsibility, and, in his own words, " the greatness of America and the opportunities it offers " inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

In the bestselling tradition of Bill Bryson and Tony Horwitz, Rinker Buck's The Oregon Trail is a major work of participatory history: an epic account of traveling the 2,000-mile length of the Oregon Trail the old-fashioned way, in a covered wagon with a team of mules—which hasn't been done in a century—that also tells the rich history of the trail, the people who made the migration, and its significance to the country. Spanning 2,000 miles and traversing six states from Missouri to the Pacific Ocean, the Oregon Trail is the route that made America. In the fifteen years before the Civil War, when 400,000 pioneers used it to emigrate West—historians still regard this as the largest land migration of all time—the trail united the coasts, doubled the size of the country, and laid the groundwork for the railroads. The trail years also solidified the American character: our plucky determination in the face of adversity, our impetuous cycle of financial bubbles and busts, the fractious clash of ethnic populations competing for the same jobs and space. Today, amazingly, the trail is all but forgotten. Rinker Buck is no stranger to grand adventures. The New Yorker described his first travel narrative, Flight of Passage, as " a funny, cocky gem of a book, " and with The Oregon Trail he seeks to bring the most important road in American history back to life. At once a majestic American journey, a significant work of history, and a personal saga reminiscent of bestsellers by Bill Bryson and Cheryl Strayed, the book tells the story of Buck's 2,000-mile expedition across the plains with tremendous humor and heart. He was accompanied by three cantankerous mules, his boisterous brother, Nick, and an " incurably filthy " Jack Russell terrier named Olive Oyl. Along the way, Buck dodges thunderstorms in Nebraska, chases his runaway mules across miles of Wyoming plains, scouts more than five hundred miles of nearly vanished trail on foot, crosses the Rockies, makes desperate fifty-mile forced marches for water, and repairs so many broken wheels and axels that he nearly reinvents the art of wagon travel itself. Apart from charting his own geographical and emotional adventure, Buck introduces readers to the evangelists, shysters, natives, trailblazers, and everyday dreamers who were among the first of the pioneers to make the journey west. With a rare narrative power, a refreshing candor about his own weakness and mistakes, and an extremely attractive obsession for history and travel, The Oregon Trail draws readers into the journey of a lifetime.

Engages readers by tracing the individual and collective journeys of Americans. Offering a blend of political and social histories, The American Journey shows that living up to American ideals is an ongoing voyage—one that has become increasingly more inclusive of different groups and ideas. From New York Times bestselling biographer Bob Spitz, a rich biography of an epic American life, capturing what made Ronald Reagan so beloved and so transformational. More than five years in the making, based on hundreds of interviews and access to previously unavailable documents, and infused with irresistible storytelling charm, Bob Spitz's Reagan stands fair to be the first truly post-partisan biography of our fortieth president, and thus a balm for our own bitterly divided times. It is the quintessential American triumph, brought to life with cinematic vividness: A young man is born into poverty and raised in a series of flyspeck towns in the Midwest by a pious mother and a largely absent father. Severely nearsighted, the boy lives in his own world and finds his first brush with popularity as a young lifeguard. Thanks to the example of his first love, he makes the extraordinary leap to go to college, a modest school by national standards, but an audacious presumption in the context of his family's station. From there, the path is only dimly lit, but it leads him to a solid career as a radio sportscaster, and then, astonishingly, fatefully, to Hollywood. And the rest, as they say, is history. Bob Spitz's Reagan is a richly detailed chronicle of the full arc of Ronald Reagan's epic life—giving full weight to the Hollywood years, his transition to politics and his rocky but ultimately successful run as California governor. His iconic presidency, from Iran-Contra to "Tear down this wall!" to an assassination attempt, receives a balanced reckoning in the form of an absorbing, even revelatory narrative.

For U.S. History survey courses Frame American history through personal and collective journeys The American Journey: A History of the United States traces the journeys – geographical, ideological, political, and social – that make up the American experience. Harnessing the stories of individuals from different eras, the authors present a strong, clear narrative that makes American history accessible to students.
