part in an underworld concocted of violence and destruction. The question was, could I love him in spite of the danger he represented to my life? Could I love him in spite of the danger he represented to my soul?"Noah and Teagan's fragile relationship never stood a chance - not with Noah's meddling stepsister and Teagan's overbearing uncle - not to mention Noah's aggressive ex, Reece, and the volatile criminal gang out for both their blood. Fast forward to seven years later, and, Noah fresh out of a prison cell, has taken the sports world by storm. He's the best. A fighter. The champ. Unattainable. Unbeatable. But none of that matters to Noah. All he wants is vindication and revenge on the woman who broke his heart and abandoned him when he needed her most - his Thorn. Teagan has spent the last seven years licking her wounds in a backstreet flat in Cork City. Left reeling over Noah's actions that night, Teagan has spent years trying to piece her life back together, but the memory of what she saw that night continues to haunt her, making her bitter and cold. Desperate to move on from Noah once and for all, Teagan throws herself into a relationship with her first-love Liam, forcing herself to move on despite the protests of her heart. "Liam... he's safe. He's what's right for me." "He's not what's right for you, Teagan," Noah snarled, chest heaving. "He's what's safe for you." He beat his fist against his chest and that passionate display of male dominance caused me to clench tight in anticipation. "I'm what's right for you. Me." One fateful night brings the pair back together again. For Noah, it's a triumph. For Teagan, it's a travesty. Old feelings burst to the surface, burning brighter and hotter than ever before, and throwing a spanner in the works for Teagan's fickle relationship with Liam. But are their feelings too strong to deny? Can she let go of the past? Can Noah trust the woman who walked away from him? "Just say it and we can move on." She shook her head and I lost it. "What the hell is wrong with you?" I demanded, furious. "I can't," she whispered. "Because if I admit I was wrong, then I'm to blame. It's my fault I've spent almost a decade broken hearted. I would have left you rot and I think the guilt will consume me." Thorn is the

Teagan "I wanted to go home." "Moving to America wouldn't have been so bad if it weren't for the family next door, but because of my so-called guardian - and I used that term lightly - we were the latest family to take up residency in Thirteenth Street, and I was the sole target of the bitch over the fence." "But, for me, life was a lot to get a lot worse." "Noah Messina, Ellie's step-brother, had decided to join her torment-the-new-girl-until-she-cracks mission." "There had been a fight in their driveway last weekend - between Noah and some other tattooed douchebag - that had progressed into our yard, resulting in the windshield of my car being smashed when Noah pummeled his opponent through it. Thinking back now I had to admit that I sort of overreacted when I stalked outside in nothing but a Coldplay t-shirt and a black thong and tossed an entire can of white gloss paint over the hood of Noah's black Lexus in retaliation. I guess it had felt damn good to fight back instead of letting them walk all over me..." "Destroying Noah's car with paint was like waving a red rag in front of a bull. He lost it. Right there in my driveway, with his t-shirt ripped from his body and blood dripping from his eyebrow, Noah Messina had thrown the biggest man-tantrum I'd ever seen before declaring war on me..." "Noah "I was going to lose my shit over the girl-next-door." "God, three months of having her live next door to me and I still felt like slamming my head into the garden wall - now worse than ever since she had challenged me." "The defiance in her eyes as she stared at me down before bending over the hood of my baby and emptying the can of paint was something that struck a chord inside of me. I'd never been so

angry or turned on in my life." "Pure rage had flooded my veins, driven on even further when Teagan taunted me with her potty mouth and yeah, I'd kind of lost it with her. Problem was I had an even uglier temper, and Friday night Teagan Connolly ignited it like no one had before. When she slapped me and pressed her tight little body against mine, taunting me with that sharp tongue of hers, I'd never been so close to putting my hands on a woman in my life." "Except instead of hurting her, I wanted to toss her sexy little ass on the hood of my car and take her right there, not caring who saw us. The urge to be inside her was like nothing I'd ever felt in my life..." Warning: Due to its explicit content Treacherous is recommended for readers of eighteen years or above."

The creatures of legend are real—and it's up to twins Zac and Lu to save them in this fun-filled middle grade adventure perfect for fans of Fablehaven and The Hotel Between. Twins Zac and Lu grew up on their mother's stories of the Wildewoods, an imaginary land where mythical beasts roam free. These creatures fill the pages of Zac's sketchbooks and inspire Lu's love of animals, and on most days, they're the only thing the twins have in common. When their mother dies, a heartbroken Lu and Zac are shipped off to England to spend the summer with relatives they've never met. But it doesn't take the twins long to uncover the incredible secret tucked away in the forest behind their ancestral home: their mother's wonderful tales about unicorns and dragons and centaurs weren't make-believe after all. Their family serves as keepers of the Wildewoods, the last place on earth where these mythical creatures can live safe from human harm. But there are also many dangers in these lands—as well as a terrible curse. When Zac and Lu fall victim to it, their only hope is finding the very last living phoenix left in the world. But will breaking the curse mean the end of the Wildewoods?

Melissa Bashardoust's *Girl, Serpent, Thorn* is “an alluring feminist fairy tale” (Kirkus) about a girl cursed to be poisonous to the touch and who discovers what power might lie in such a curse. There was and there was not, as all stories begin, a princess cursed to be poisonous to the touch. But for Soraya, who has lived her life hidden away, apart from her family, safe only in her gardens, it's not just a story. As the day of her twin brother's wedding approaches, Soraya must decide if she's willing to step outside of the shadows for the first time. Below in the dungeon is a demon who holds knowledge that she craves, the answer to her freedom. And above is a young man who isn't afraid of her, whose eyes

linger not with fear, but with an understanding of who she is beneath the poison. Soraya thought she knew her place in the world, but when her choices lead to consequences she never imagined, she begins to question who she is and who she is becoming...human or demon. Princess or monster.
