My Toshiba HD-DVD player can do it.... Next, as already mentioned by others, there is no resume playback unless you leave the disc in with the unit on. Not the end of the world but if you are watching TV programs on DVD with several episodes a disc resume comes in handy if you only want to watch one episode at a time without having to remember where you were.

While most books approach power electronics and renewable energy as two separate subjects, Power Electronics for Renewable and Distributed Energy Systems takes an integrative approach; discussing power electronic converters topologies, controls and integration that are specific to the renewable and distributed energy system applications. An overview of power electronic technologies is followed by the introduction of various renewable and distributed energy resources that includes photovoltaics, wind, small hydroelectric, fuel cells, microturbines and variable speed generation. Energy storage systems such as battery and fast response storage systems are discussed along with application-specific examples. After setting forth the fundamentals, the chapters focus on more complex topics such as modular power electronics, microgrids and smart grids for integrating renewable and distributed energy. Emerging topics such as advanced electric vehicles and distributed control paradigm for power system control are discussed in the last two chapters. With contributions from subject matter experts, the diagrams and detailed examples provided in each chapter make Power Electronics for Renewable and Distributed Energy Systems a sourcebook for electrical engineers and consultants working to deploy various renewable and distributed energy systems and can serve as a comprehensive guide for the upper-level undergraduates and graduate students across the globe.

In this companion to her acclaimed 2005 novel, A Dog's Life, Ann M. Martin tells the parallel stories of a stray dog (the brother of the dog featured in A Dog's Life), a boy dealing with unspeakable loss, and a boy whose most ardent wish is to own a dog—and everything for a dog. Bone and his sister, Squirrel, are stray dogs born in a shed. Left motherless as puppies, the two dogs survive together for a while, but are soon wrenched apart. Bone doesn't know if his sister is still alive, and must now go on, alone. Charlie is a boy who has suffered a terrible loss. And, as he's healing with the help of his dog, another tragedy occurs. Henry's best friend has moved away. All Henry has wanted is a dog of his own. But his parents won't let him. Bone, Charlie, and Henry live very different lives, but they are fated to intersect in surprising ways. Award-winning author Ann M. Martin has written a powerful, heartfelt novel that's perfect for anyone who has ever longed for a dog, or loved one.

New York Times and USA Today Bestselling series! Maddie Springer is all about fashion. So when her best friend Dana's movie star boyfriend, Ricky Montgomery, becomes a contestant on the ballroom dance reality hit, Dancing with Celebrities, she is over the moon at the thought of visiting the sparkly, spandexy costumes on the set. That is until Ricky's dance partner is found dead in his dressing room... in the nude! Suddenly the police suspect him of murder, Dana suspects him of cheating on her, and the reporters at the L.A. Informer, Hollywood's most notorious tabloid, have dubbed him "Dancing Death." Now it's up to Maddie to clear his name as she wades through a misfit cast of reality show dancers to find out just who has a grudge against the show's star... and who is in danger of taking their final bow next! "Lyrical and down-to-earth, wry and heartbreaking, This Life Is in Your Hands is a fascinating and powerful memoir. Melissa Coleman doesn't just tell the story of her family's brave experiment and private tragedy; she brings to life an important and underappreciated chapter of our recent history." —Tom Perrotta In a work of power and beauty reminiscent of Tobias Wolff, Jeannette Walls, and Dave Eggers, Melissa Coleman delivers a luminous, evocative childhood memoir exploring the hope and struggle behind her family's search for a sustainable lifestyle. With echoes of The Liar's Club and Don't Let's Go to the Dogs Tonight, Coleman's searing chronicle tells the true story of her upbringing on communes and sustainable farms along the rugged Maine coastline in the 1970's, embedded within a moving, personal quest for truth that her experiences produced.

The present book aims to provide a thorough account of the type of questions asked in various competitive examinations conducted by UPSC, public sector organizations, private sector companies etc. and also in GATE It covers almost all the important and relevant topics, namely
