Description. Appealing to everyone from college-level majors to independent learners, *The Art and Craft of Problem Solving*, 3rd Edition introduces a problem-solving approach to mathematics, as opposed to the traditional exercises approach. The goal of *The Art and Craft of Problem Solving* is to develop strong problem solving skills, which it achieves by encouraging students to do math rather than just study it.

Wiley also signed and dated the work in the same place as David, on the horse's breastplate. The background of the upper three-quarters of the painting is a decorative red and gold Baroque brocade pattern. Throughout the background, small white sperm can be seen swimming against the deep red pattern.

The only college-level publication on Korean art history written in English Korean pop culture has become an international phenomenon in the past few years. The popularity of the nation's exports—movies, K-pop, fashion, television shows, lifestyle and cosmetics products, to name a few—has never been greater in Western society. Despite this heightened interest in contemporary Korean culture, scholarly Western publications on Korean visual arts are scarce and often outdated. A Companion to Korean Art is the first academically-researched anthology on the history of Korean art written in English.
